Nordlicht Labs — Remote Work Policy

Eligibility
Full-time employees may work remotely up to three days per week after their probation period ends. Managers approve the remote schedule in writing.

Core hours

Remote days still require presence during core hours 10:00–16:00 Europe/Berlin for standups and customer calls unless a manager grants an exception.

Equipment
Nordlicht provides a laptop and a €300 one-time home-office stipend. Chairs

and standing desks above that amount follow the expense policy and need prior approval. Company devices must use disk encryption and a screen lock.

Security
Do not process customer data on personal devices. Use the company VPN when accessing staging systems from outside the office network.

Travel days

Working from another EU country for up to 20 business days per year is allowed with two weeks notice to People Ops. Longer stays need a temporary remote agreement.
